Regulatory Bill of Rights – Review Timeframes

Completeness & Substantive Review Time Frame¹

Completeness Review²	Substantive Review³			Overall Review Time Frame⁷
	1st Review⁴	2nd Review⁵	3rd Review⁶	
2 days	30 days	30 days	30 days	62 days

¹All times are maximum timeframes in business days (Mon-Fri.; excluding City Holidays). Shorter review times will be accomplished where possible.

²Completeness Review timeframes are calculated from date of application submittal to date of acceptance or rejection of the application as administratively complete.

³Substantive Review timeframes are calculated from date of acceptance of application for Substantive Review, or upon receipt of re-submittal of revised plans/reports, to the date of issuance of a comprehensive review letter, or final administrative decision.

⁴1st review limited to determination of compliance with ordinances, codes, regulations or policy relevant to the specific permit or project application. The 1st review comments may be amended to address code/policy requirements that City staff failed to include in the 1st comprehensive review document.

⁵2nd review shall be limited to:
 a) Addressing 1st review comments that the applicant failed to adequately address in their resubmittal; or
 b) Addressing new review issues arising from modifications the applicant has made to the design and/or technical reports.

⁶Third review only allowed if applicant consents to extend review timeframe to resolve remaining code/policy compliance issues. Said extension shall not exceed 50% of the over-all timeframe.

⁷Over-All Review timeframe is the sum of the Completeness, 1st & 2nd Substantive Review timeframes and does not include any time involved in a 3rd Review. An administrative decision will be made on the permit/project application prior to the end of the Over-All Review timeframe unless the applicant and the City agree to a 3rd Review.

In accordance with the Regulatory Bill of Rights (ARS 9-835) the City of Casa Grande will typically make an administrative decision on each permit application after a maximum of two (2) comprehensive staff reviews. However, from time to time a 3rd review is necessary to resolve code/policy compliance issues associated with a permit. In accordance with ARS 9-835.I., by mutual agreement, the applicant and the City may engage in a 3rd review of an application as long as said 3rd review does not exceed the over-all time frame by 50%. The specific 1st, 2nd, 3rd and over-all review timeframes for this application are provided above. Applicants may sign below, consenting to a third review if necessary, within the stated prescribed timeframe. Your consent is not required at time of application submittal. Applicants who do not sign below will be contacted by City staff if a third review is determined to be necessary prior to making an administrative decision on this application. Applications denied after the completion of the 2nd or 3rd review cycle are eligible for re-application to address the code/policy deficiencies which were the basis for the application denial with the payment of a fee equal to 25% of original application fee amount. Said re-application shall occur within 90 days of the application denial.

I hereby consent to a 3rd review of my application, if necessary, prior to making a final administrative decision.
