# 2014 SUMMER

## Summer 2014

Summer is here and that means it's time for some Fun in the Sun.

This brochure is loaded with some cool seasonal activities to help you get through the hot summer months. First stop – Palm Island Family Aquatic Park. Besides getting wet and wild during the open swimming program, the facility also hosts a summer luau, Dive-In Movie, Family Nights on Friday evenings as well as private pool rentals and birthday party packages. Our swim lesson program remains one of our top summer attractions and please keep in mind that Southwest Ambulance sponsors FREE swim lessons to those who qualify.

If that's not cool enough, check out the Rocket Club, Weird Science Weeks, and an entire series of Sports Camps. We also offer a Casa Grande Youth Theatre and new Junior Golf Programs. The pinnacle of our summer fun is the annual 4th of July Celebration at Ed Hooper Park. Enjoy vendors, old fashioned contests and relay races, music and Fireworks!

I urge parents to visit either library this summer and register their children and teens for the Summer Reading Program. The goal of the Summer Reading Program is to motivate youth to read through the summer. Research shows that students who read over the summer retain the skills and knowledge they gained during the school year, thus preventing the "summer slide." This year, the theme of our Summer Reading Program is "Fizz, Boom, Read!" and it's all about science. Events for children and teens are planned at both libraries and include visits from the Arizona Science Center; Wildman Phil; Paul Watson, a local hypnotist; and a vinyl record-making demonstration. There are also weekly story times, crafts, movies, a LEGO Club, a drop-in science program, and more. Register online at <http://cgsummer.eventbrite.com> or at either library beginning June 2, 2014.

Enjoy your Summer!

## PROGRAMS

For more information regarding these programs contact the Recreation Office, (520) 421-8677.

If the class does not state Adult/Child, parents are asked to remain outside the classroom area. Our instructors have found the quality of instruction has often been affected by parent and/or sibling distractions, interruptions and various other concerns, which interfere with class instruction. We also feel it is most beneficial for children to have recreational time interacting with their peers. One to two "room parents" may stay, if needed, to assist with restroom breaks, keeping kids in line and helping with any one-on-one interaction, etc., but they may not help with the instruction.
