

INTERSTATE 10/KORTSEN ROAD TRAFFIC INTERCHANGE

Public Open House

Thursday, February 12, 2015
5:30–7:00 p.m.

City of Casa Grande
City Council Chambers
510 E. Florence Boulevard

STUDY INFORMATION

About Tonight's Meeting

- Please review the exhibits around the room. Study Team members are available to answer questions and discuss details.
- A presentation will be given at 5:45 p.m. with a question and answer session to follow.
- Please complete a comment form. Your input is valuable to the study process. You can submit your comments tonight or by February 28, 2015.

Study Area Map

Study Overview

The City of Casa Grande has been conducting a study to evaluate a proposed traffic interchange along Interstate 10. The recommended location for a new interchange is where Interstate 10 intersects with Kortsen and Kleck roads. The goal is to address roadway capacity and public safety concerns associated with Phoenix Mart, population growth, and other future business and residential development in the area.

The study included the development of design concepts for the traffic interchange and roadway approaches, analysis of changes in access, and an environmental overview.

A compressed diamond interchange with dual left-turn lanes has been identified as the recommended alternative (see diagram at left).

INTERSTATE 10/KORTSEN ROAD TRAFFIC INTERCHANGE

STUDY PROCESS

PRELIMINARY DATA COLLECTION

FINAL STUDY DOCUMENTS

- Engineering Concepts and Report
- Planning and Environmental Linkages Checklists
- Alternative Selection Report
- Change of Access Report

The process would continue once funding is appropriated.

Study Documents would be used to support future National Environmental Policy Act (NEPA) documents.

CONSTRUCTION FUNDING AUTHORIZED
