Per the consolidated fee schedule an “Expedited Plan Review” will be charged two-times the standard plan review fee.

Before informing the applicant of the shortened anticipated review completion date the permit tech must check to see review personal are available to meet the shortened deadline. If any of the scheduled reviewers are not available to meet the shortened deadline an expedited review will not be approved.

If all of the scheduled reviewers are available the permit tech will notify the applicant of the expedited plan review approval, new anticipated review date, and the additional fees due. After the payment of the additional fees are received the permit tech will revise the review due date and schedule the appropriate reviewers.

The Building Official is to be notified immediately if there are any issues with completing the review by the shortened due date.

For permits that only require Building Plan review expedited reviews will be scheduled without requiring Building Official approval.
