

## 10<sup>th</sup> Annual Smoke Alarm Installation Program- Saturday, January 28, 2017

A message from the Fire Marshall-

On January 28, 2017, we will be conducting our 10<sup>th</sup> Annual Smoke Detector Installation Event. This event allows us to install lifesaving smoke detectors and/or batteries in homes where citizens most at risk of dying or being injured in a fire live. The vast majority of deaths that occur in a residential fire are in homes without working smoke detectors.

Through the dedication of volunteers, we are able to focus on neighborhoods where older adults, young children, or other high risk community members live. Since the program began in 2007, we have installed more than 5800 detectors and 2000 batteries in over 2000 of our targeted at risk homes.

Please consider volunteering to help us reach our targeted 400 + homes. It is because of our wonderful volunteers that we have been able to do this program. It easy to sign up and fun to do!

For more information on how to sign up, please call: (520)-421-8777 or visit us at the Fire Administration Office- 377 E Val Vista Blvd. Thanks for all your support!

Sincerely,

Fire Marshal
