### DON'T KIT-NAP!

A kitten's best chance of survival is with mom. **Leave the kittens where they are.**

If you want to help, make sure mom has access to shelter, food, and water and contact a TNR group to have mom and kittens fixed when ready.

### ARE YOU SURE?

Mom may be off hunting or not want to come around if people are present. Watch for her to come back for a few hours.

**PRO TIP:** Leave a ring of flour around the kittens. Check in a few hours if you see mom's foot prints in the flour!
